To whom it may concern:

My name is [redacted] ⁰⁵ cuban citizen who arrived in this country last November 4, 1961, through Key West by boat. My alien number is: [redacted] 06

[redacted] ⁰⁸ Comandante [Osvaldo Ramirez] who has been fighting for two years (Castro & communists in the mountains of the Escambray without any help from anyone, has sent me here with a special mission and a message of gratitude to the United States for the contribution in the struggle against Castro, even though the Escambray anti-communists fighters haven't received anything but forgetfulness.

For these purposes, only we have been ordered to contact directly a representative from the C.I.A. in order to deliver my message from Major [Osvaldo Ramirez] to find out if things could be settled down between the true and genuine Escambray's Army he leads and C.I.A., not having any kind of Cuban politician meddling in our private dealings, that are no others that Cuban sufferings and our private necessities to continue or start a real war against the Red Militia men that are surrounding us right at this very moment in the Escambray's mountains.

To identify myself, I've brought a letter and some other documents in which I am authorized to converse and have any kind of dealings with the C.I.A. in order to get a real quick help, and a support for our fight at the Escambray.

Hoping to hear the sooner possible from you for our cause and because I must get back to the mountains with all the help I could get right away.

Sincerely yours,
